

Autisable

Newsletter of ABLÉ Centre, Richards Bay
Autism & Behavioural Learning Environment

Issue 2
December
2012

The ABLÉ Early Intervention Centre for children on the Autism Spectrum is the only one of two facilities in KwaZulu-Natal, and the only one of its kind north of Durban, thereby emphasising the dire need for facilities offering professional intervention.

We wish all our supporters a **Blessed Christmas** time – may it be filled with His Love...

Services Offered

- Development Assessments
- Early Intervention Centre
- Occupational Therapy
- Foundation Phase School
- Speech & Language Therapy
- Training

Phase 1: Early Intervention Centre

The Early Intervention Centre for children on the Autism Spectrum aged 18 months to 6 years, will be running at close to capacity from January 2013 with 7 kiddies and 5 tutors. Welcome to the new tutors on board: Marisca, Melissa and Fiona!

Phase 2: Foundation Phase School

ABLE Academy: Admissions are open for Grade R and Grade 1 of the School Phase. Welcome to Sonja Jacobs who will be teaching the first learners! Application forms available from ABLÉ Centre.

The School offers the following:

- A teacher to child ratio of 1:5;
- Speech & Language Therapy;
- Occupational Therapy;
- National Curriculum;
- SACE Registered Teachers.
