Autism & Behavioural Learning Environment

Be my Valentine!

The ABLÉ Early Intervention Centre for children on the Autism Spectrum is the only one of two facilities in KwaZulu-Natal, and the only one of its kind north of Durban, thereby emphasising the dire need for facilities offering professional intervention.

We hope you all had a special Valentine's Day and a month of love and caring!

Services Offered

- Development Assessments
- Early Intervention Centre
- Occupational Therapy
- Foundation Phase School
- Speech & Language Therapy
- Training

Phase 1: Early Intervention Centre

The Early Intervention Centre for children on the Autism Spectrum aged 18 months to 6 years, is running at capacity with 8 kiddies and 5 tutors. New Tutors will be Trained in the coming month to Cater for the kids on the waiting List.

Autism Prevalence = 1:88 children, with 4x more in boys than in girls.

Phase 2: Foundation Phase School

ABLE Academy: Admissions are open for Grade R and Grade 1 of the School Phase. Sonja Jacobs will be teaching the first learners! Application forms available from ABLÉ Centre.

The School offers the following:

- A teacher to child ratio of 1:5;
- Speech & Language Therapy;
- Occupational Therapy;
- National (Adapted) Curriculum;
- SACE Registered Teachers.
